Professional Summary

Versatile Full-Stack developer with a strong academic foundation in both Computer Science and Data Science Experienced in building scalable, modern web applications and implementing AI-powered tools for real-world applications. Demonstrated ability to lead technical development, streamline workflows using generative AI, and deliver impactful features. Passionate about clean code, learning optimization, and technical innovation.

Professional Experience

Student Support & System Administrator
Kenyatta University | Sep 2021 – Present

- Maintaining and upgrading learning support platforms integrating generative AI tools to enhance engagement and academic outcomes.
- Streamlined student information systems and automated report generation using Python and web dashboards.
- Supported digital transformation projects, focusing on data-driven insights and platform optimization.

Full-Stack Developer (Freelance Projects)
Crossover (Remote) | 2022 – Present

- Built and deployed React + Node.js web apps including dashboards, e-learning tools, and finance-based apps.
- Integrated AI services (OpenAI) for content generation, automated support, and smart suggestions.
- Implemented MongoDB backends with scalable APIs and serverless deployment via AWS.

Education

Master of Science in Financial Engineering (Online)
WorldQuant University , New Orleans — Expected October 2025
Bachelor of Science in Computer Technology
Multimedia University, Nairobi, Kenya — 2018–2023.

Technical Skills

AI/ML: Generative AI (OpenAI APIs), Sentiment Analysis, Python (Pandas, Sklearn)
Frontend: React.js, Next.js, HTML5, CSS3, TailwindCSS
Backend: Node.js, Express.js, REST APIs
Database: MongoDB, PostgreSQL, Firebase
Tools & Platforms: Git, Docker, AWS (Lambda, S3)
Other: Agile, CI/CD, Unit Testing, Postman

Projects

Financial Sentiment Analysis Dashboard
Developed a web tool for real-time sentiment analysis on financial news using NLP models

AI Study Companion (Prototype)
Voice-driven study assistant using OpenAI's Whisper and ChatGPT APIs for personalized learning help.

StudyTrack
A React-based productivity app with reminders and AI-powered suggestions tailored for students.

Certificates & Badges - https://www.credly.com/users/kipkoech-brian#badge-portfolio

- *Meta Database Engineering Certificate*
- *IBM Cybersecurity Analyst Certificate*
- *WorldQuant Data Science Lab*
- *AWS Associate prep*
- *JavaScript Algorithms and Data Structures*
- *Responsive Web Design*
- *AWS Cloud Practitioner – Amazon Web Services (in progress)*

Certificate No 011153

Multimedia University of Kenya

This is to certify that

Kipkoech Brian

having satisfied all the requirements for the conferment of the degree of

Bachelor of Science in Computer Technology

Second Class Honours - (Lower Division)

was admitted to the degree at a congregation held at this University on the Twenty Seventh Day of October in the Year Two Thousand and Twenty Three

Vice Chancellor

Deputy Vice Chancellor (Academic Affairs)

MULTIMEDIA UNIVERSITY OF KENYA

CERTIFICATE OF COMPLETION

Applied Data Science Lab

This certification is awarded to

kipkoech Brian

by WorldQuant University

Issued on this day,

September 20, 2023

WORLDQUANT UNIVERSITY

4 Courses

AWS Cloud Technical Essentials

Architecting Solutions on AWS

Introduction to Designing Data Lakes on AWS

Exam Prep: AWS Certified Solutions Architect - Associate

Mar 31, 2023

Kipkoech Brian

has successfully completed the online, non-credit Professional Certificate

AWS Cloud Solutions Architect

This program arms you with the skills you need to accelerate your career in cloud architecture and provides a pathway to earn the AWS Certified Solutions Architect – Associate certification. You'll deploy solutions, including infrastructure components such as networks, systems and applications services, and you'll gain real world experience through hands-on projects. Upon successful completion of this program, you will earn a certificate of completion to share with your professional network and potential employers. Please note that this program helps equip you with the skills you need to take the certification exam, but additional study and training may be required before taking the exam.

Maureen Lonergan
VP, AWS Training and Certification

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

8 Courses

- **Introduction to Cybersecurity Tools & Cyber Attacks**
- **Cybersecurity Roles, Processes & Operating System Security**
- **Cybersecurity Compliance Framework & System Administration**
- **Network Security & Database Vulnerabilities**
- **Penetration Testing, Incident Response and Forensics**
- **Cyber Threat Intelligence**
- **Cybersecurity Capstone: Breach Response Case Studies**
- **IBM Cybersecurity Analyst Assessment**

Mar 15, 2023

Kipkoech Brian

has successfully completed the online, non-credit Professional Certificate

IBM Cybersecurity Analyst

In this Professional Certificate, learners developed and honed essential knowledge and skills to enter today's dynamic cybersecurity workforce. Learners developed knowledge of cybersecurity analyst tools including data protection; endpoint protection; SIEM; and systems and network fundamentals; acquired knowledge around key compliance and threat intelligence topics important in today's cybersecurity landscape; gained skills for incident responses and forensics. The learner's knowledge and skills were tested through multiple assessments throughout the courses, a real-world breach case study and several hands on virtual labs. The learner also achieved a passing score on a final assessment course covering all content from the previous seven courses.

Program Manager, IBM Security Learning Services

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

Meta Database Engineer Certificate

ISSUED TO

Kipkoech Brian

Issued on: 29 MAY 2023
Issued by: Coursera | Authorized by: Meta
Verify: https://www.credly.com/go/BPqOPd6X

9 Courses

- **Introduction to Databases**
- **Version Control**
- **Database Structures and Management with MySQL**
- **Advanced MySQL Topics**
- **Programming in Python**
- **Database Clients**
- **Advanced Data Modeling**
- **Database Engineer Capstone**
- **Coding Interview Preparation**

May 26, 2023

Kipkoech Brian

has successfully completed the online, non-credit Professional Certificate

Meta Database Engineer

Learners gain the skills required to create, manage and manipulate databases, as well as industry-standard programming languages and software such as SQL, Python, and Django.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
